Education

- **Bachelor of engineering in computer science** — June 2025
  Sri Siddhartha institute of technology — CGPA 6.7
- **PUC(PCMB)** — June 2021
  Seshadripuram pu college
- **SSLC(10th grade)** — June 2019
  Bishop Sargant School

Technical Skills

- Backend Tech:- python,c(basics)java(basics)
- Database:- MySQL
- Frontend Tech:- HTML,CSS, Javascript
- Framework:- Django

Internship

- **Python Intern**
  NICT (National Institute of Computer Technology)
  Roles and Responsibilities
  * Worked on developing and understanding Python programs using concepts such as inheritance, encapsulation, and exception handling.
  * Assisted in creating basic Django applications to understand web development structure and workflow.
  * Collaborated with mentors to understand how backend logic connects with frontend in Django projects.
  * Gained experience in debugging and improving code functionality during project tasks.

Projects

- **Student Marks Management System | Python, File Handling**
  Roles and responsibilities:-
  1) Built a Python application to manage student records with features for adding, updating, viewing, and deleting data.
  2) Implemented basic CRUD operations to handle student records dynamically.
- **Electronic Protection for Exam Paper Leakage | IoT, Biometric Authentication**
  Roles and responsibilities:-
  1) Developed a biometric-based security system to prevent unauthorized access to exam papers.
  2) Implemented fingerprint verification using IoT devices to ensure secure and controlled access.

Professional Summary

- Python and Django developer with hands-on experience in website development and MySQL database management. Passionate about creating efficient, user-friendly web applications and solving real-world programming challenges.

Interpersonal Skills

- Communicate clearly and effectively in both verbal and written formats.
- Maintain good time management skills, ensuring timely completion of assignments and responsibilities.

Certification

- Pursuing Python Full Stack Development at Pentagon Space.
- Soft skills from NPTEL.
- Python Internship Completion Certificate from NICT
